Enhanced Enrollment Capability Available with the Utah Educational Savings Plan

(Salt Lake City) The Utah Educational Savings Plan (UESP) today announced an easier way to sign up for a college savings account. Families can now enjoy the convenience of opening a Utah Educational Savings Plan account online at www.uesp.org.

“Significantly enhancing our enrollment feature should encourage more Utah families to save for college,” stated Lynne Ward, Director of the Utah Educational Savings Plan. “This is the fastest and easiest way to enroll. You can open and contribute to an account online in about 10 minutes.”

The number of new accounts and contributions dramatically increase during the month of December due to the Utah state tax deduction or credit available to taxpayers. New account applications and contributions, including online enrollment must be received at the Utah Educational Savings Plan office by Monday, December 31, 2007, 5 p.m. MT, to qualify for the 2007 tax year.

Utah account owners can claim a deduction up to \$1,620 filing singly (\$3,240 if filing jointly) or take a tax credit up to \$87 filing singly (\$173 if filing jointly). To receive the deduction or credit, the account must be established before the beneficiary turns 19 years of age.

The Utah Educational Savings Plan Web site, www.uesp.org, has detailed information about the program and a simple process for enrolling and contributing online. Contributions can also be made by check or automated clearinghouse (ACH).

For more information about the Utah Educational Savings Plan, visit the Web site or call toll-free at 800.418.2551.
